

# Blank Cards

## Printing:

These can be printed on ordinary 8½" by 11" paper, but if you expect to use them often it is much better to purchase card or cover stock. This heavier tag comes in several weights. These will be easier to use and will stand up to handling. This card stock will go through most printers.

Card/cover stock comes in colours, too - and this makes the cards look more interesting. Cut the cards apart on the lines.

## Ideas for use:

- There are several sizes of cards. Choose the one that fits what you want to write. There are blank cards and interlined cards.

- Print the names of people in your family, friends and pets. You can print other words the child will want to read or write - the name of the school, favourite toys, food or places.

- Print neatly and form the letters correctly (see the file). Always use lower case letters unless it is the beginning of a name or place.
