Primary Resources

Successful Assessment - Kindergarten to Grade 2

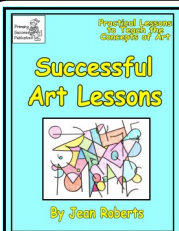

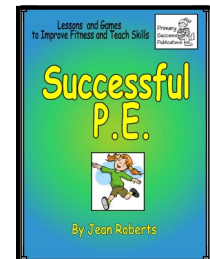

There are tests and assessments for math, reading, phonics, spelling, and other subjects. This binder includes assessment check lists, screening sheets, running record sheets, writing standards, and more. There are report card comments and sample interim report cards. This is a very useful resource!

\$34.95 Level: Grade K to 2

Successful P.E.

This primary book has lesson plans, gross motor activities, skill training, indoor and outdoor games galore - and lots of ideas to make your P.E. lessons fun and successful. There are helpful ways to organize your P.E. periods, too. There are exercises, classroom breaks and games for recess. This book is suitable for teachers from Kindergarten to Grade Three.

\$34.95 Level: K - 3

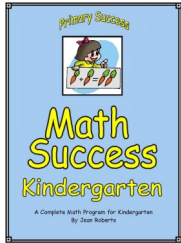

Successful Art Lessons

This colourful book is suitable for all primary grades K to 3, with a wide range of skills. The book has chapters on line, shapes, drawing, colour, pattern, modelling, print making, Canadian (and other) artists and more - and uses a wide variety of mediums. There are photos of the lesson ideas and lots of suggestions to add interest.

\$39.95

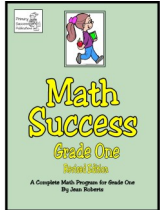

The Math Success Program

Math Success - Kindergarten

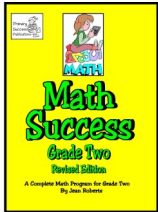

This is a popular and practical resource. There are great hands-on ideas and your children will learn number sets, shapes, counting, number formation, measurement, graphing, estimating, comparison, patterns, classification, sorting and more. This program introduces simple addition and subtraction. The binder has daily lesson plans, daily oral problems, sheets to practice number formation and recognition, and worksheets to practice the skills taught. This program covers the skills required, and adds skills that will help your children develop math reasoning.

E-book: \$49.95

Math Success - Grade One

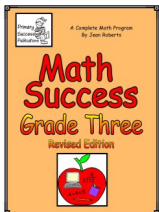

Math Success - Grade One has daily lesson plans and reproducible exercise sheets for 30 weeks of the school year, and includes speed sheets and weekly review tests. It teaches number patterns in different ways so every child will understand number relationships and the math concepts. It is a complete math program, with everything you need to teach Grade One math successfully. Teachers report wonderful results! E-book: \$49.95 Level: Grade One

Math Success - Grade Two

Math Success - Grade Two gives you everything you need for the year with daily lesson plans, practice sheets and weekly tests and drill sheets. There are new and varied ways of teaching the concepts so the students will have greater understanding and fluency. This is a complete program that gives great results! \$49.95 Level: Grade Two

Math Masters - Grade Two 120 pages of math drill sheets! \$19.95

Math Success - Grade Three

Now this successful math program goes into Grade Three, with great strategies that teach understanding and procedures in all facets of the math curriculum and ensures that all your students attain mastery of the concepts. There are daily lesson plans, practice sheets, weekly testing and drill. \$49.95 Level: Grade Three

And....To Accompany The Math Success Program

Math Success Grade Two - Word Problems

These are the daily word problems from the Math Success Grade Two book above with a half or full page for the students to be able to illustrate and work each problem. There is a teachers' guide for each and suggestions for teaching problem solving. Some students find word problems difficult, and this book gives them suitable strategies. Some of the word problems are open ended or have several steps. You will find this book very valuable! A sample is on the website. : \$24.95

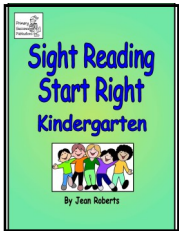

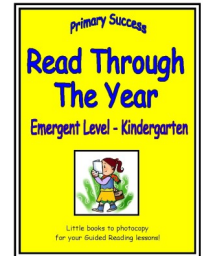

Math Success Grade Three - Word Problems - Description as above. \$24.95

Kindergarten Resources
