# Spring, Almost

The sunshine is so bright  
and warm,

The sky is blue and clear.

Till the day feels just  
too cool,

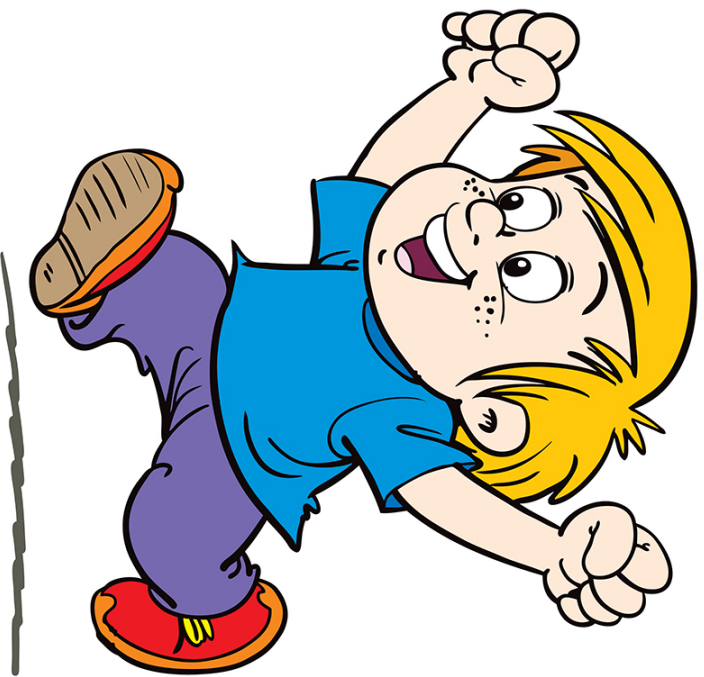

And again, it's indoor weather.

And then before I know it,  
Small clouds have blown  
together,

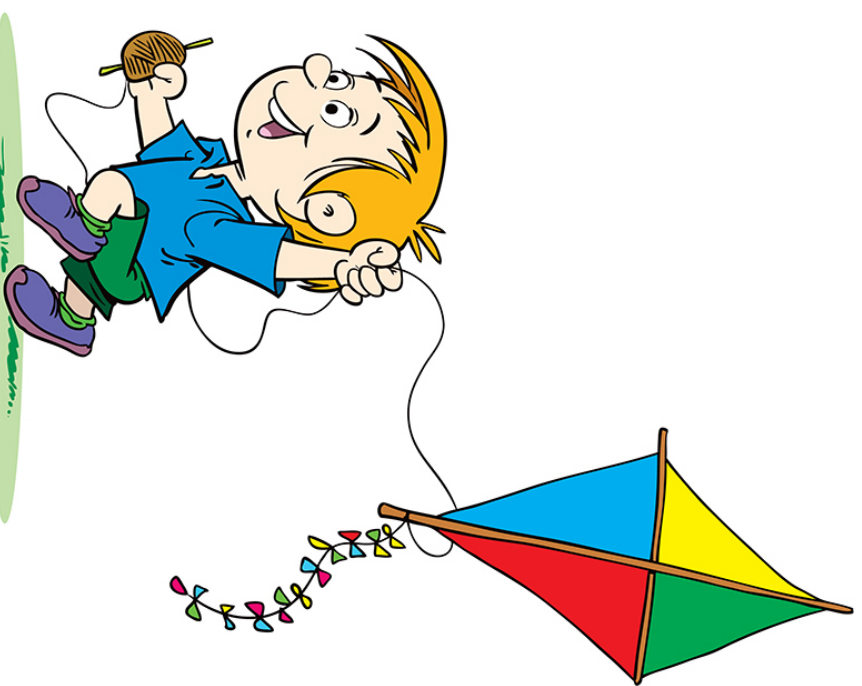

I run outdoors without a coat,  
And spring is almost here.

I let the sun shine on  
my face

And give everyone a smile.

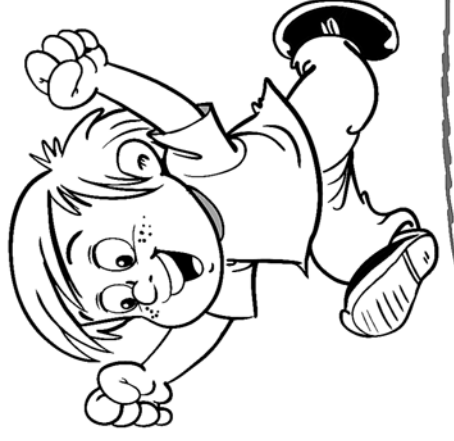

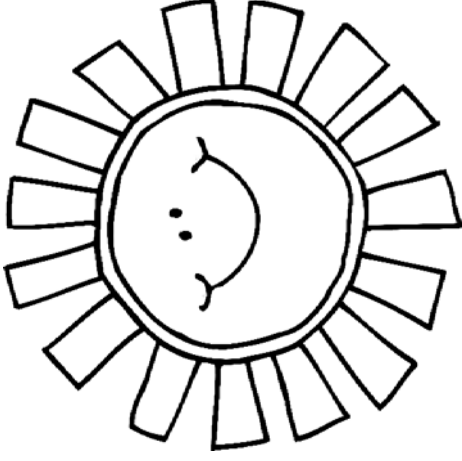

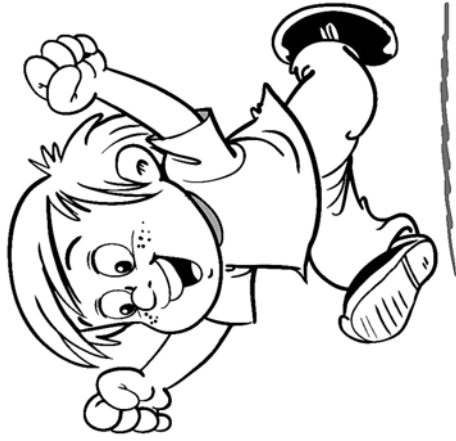

4

I look for all the signs  
of Spring

And play outdoors a while.
