Five Little Leprechauns

Five little leprechauns
scurrying by my door.

One little leprechaun
with all his work done -
He slipped off for a nap,
then there were none.

Two little leprechauns

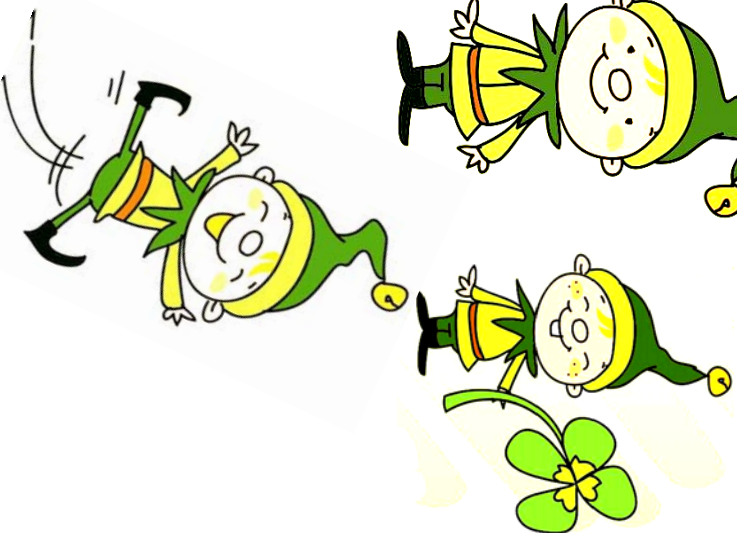

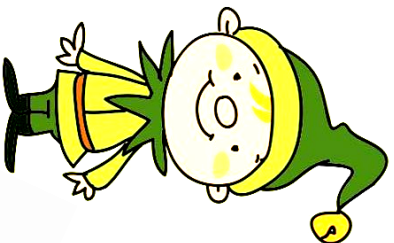

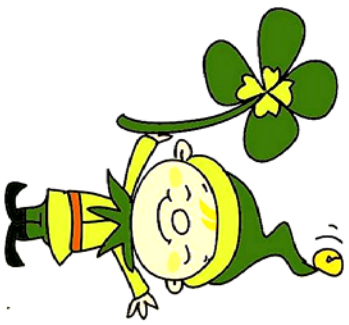

having lots of fun,

One hopped over the rainbow

then there was only one.

One jumped away,

then there were four.

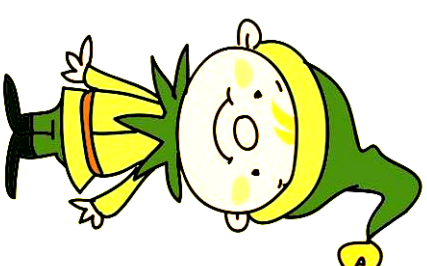

Four little leprechauns,

climbing in my tree.

One jumped in the grass,

and then there were three.

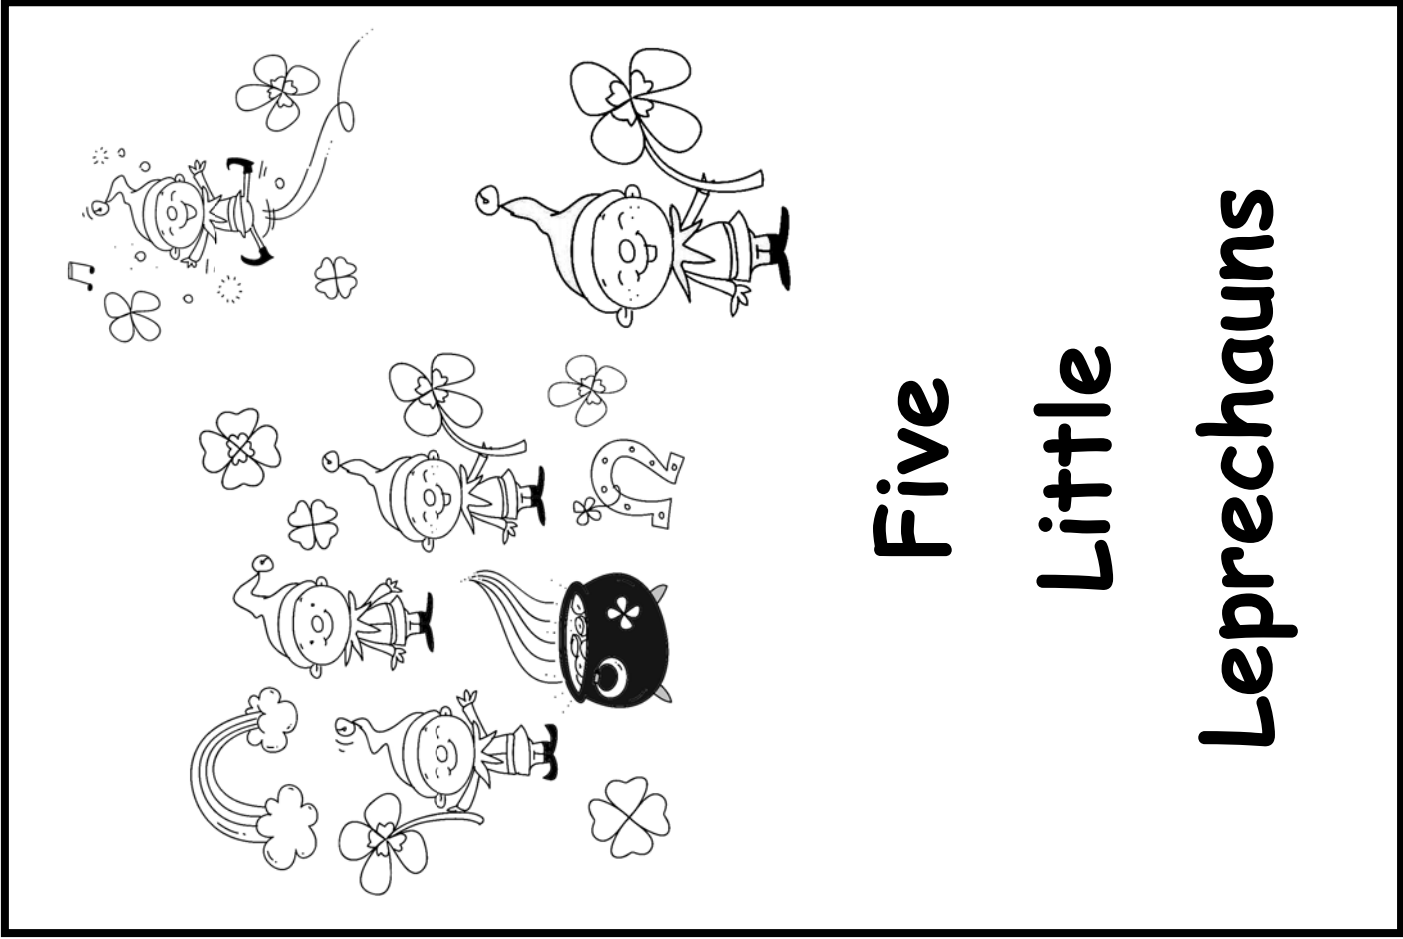

Three little leprechauns,

just a busy few.

One went for a pot of gold,

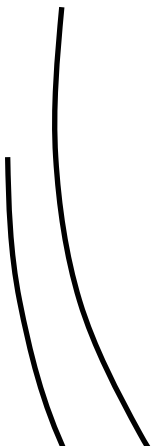

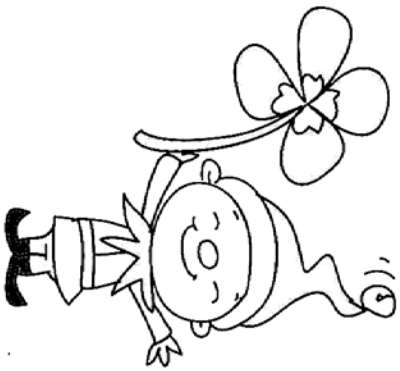

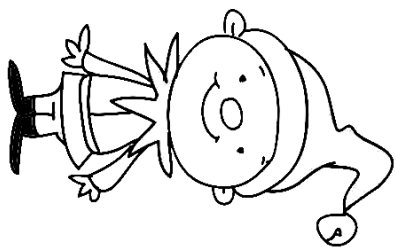

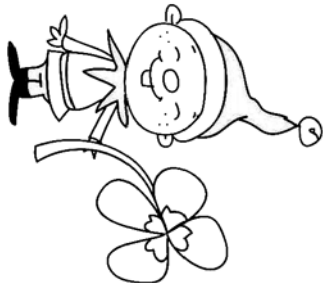

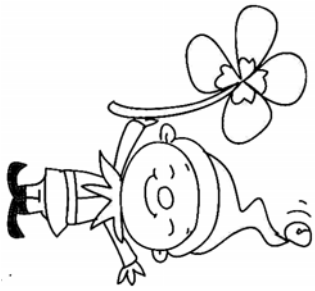

then there were two.
