One hundred is cool
It's really fine

Whew,
What a rhyme!

Now counting by 10's

Still takes some time!

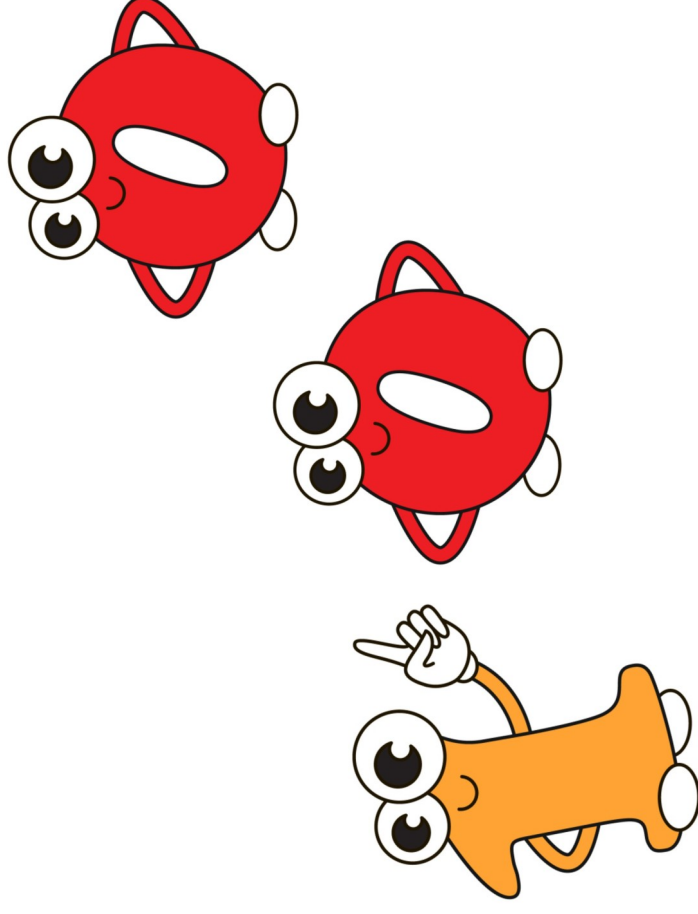

It's

$10 + 10 + 10 + 10$

$+ 10 + 10 + 10$

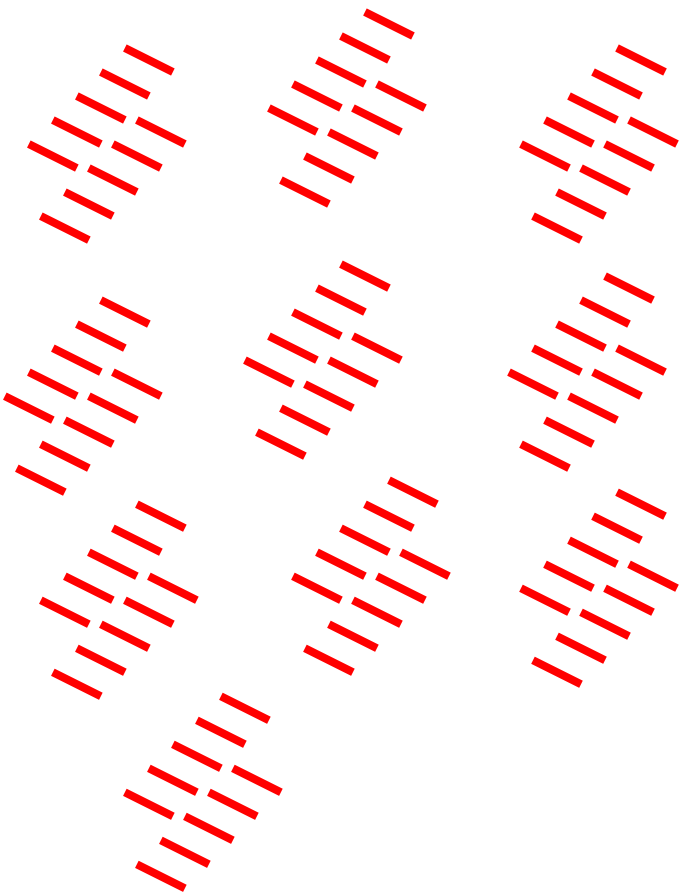

$+ 10 + 10$

$+ 10$

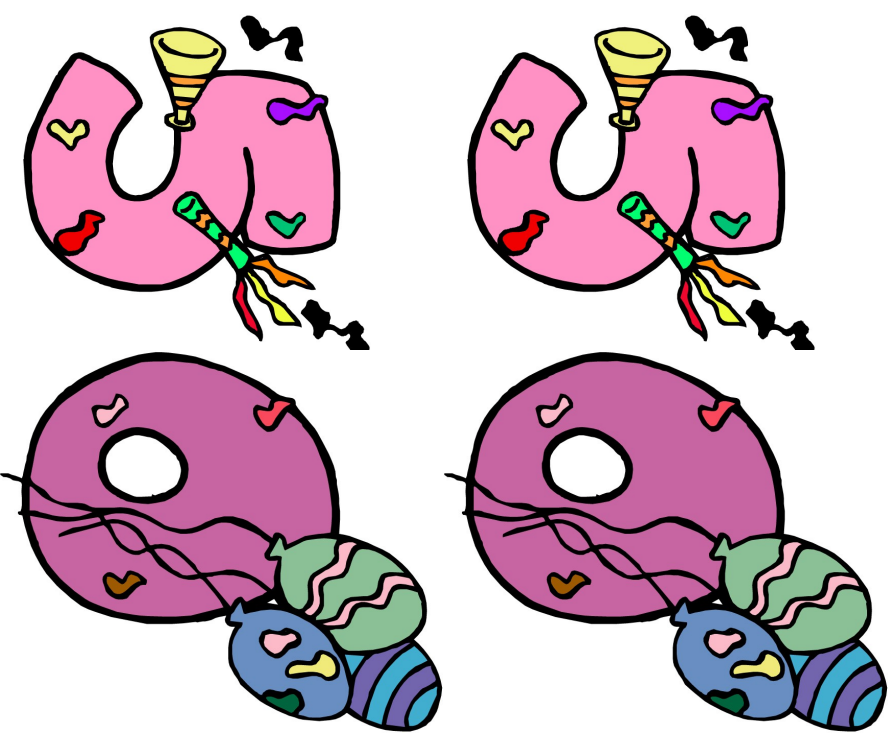

It's a one sitting there

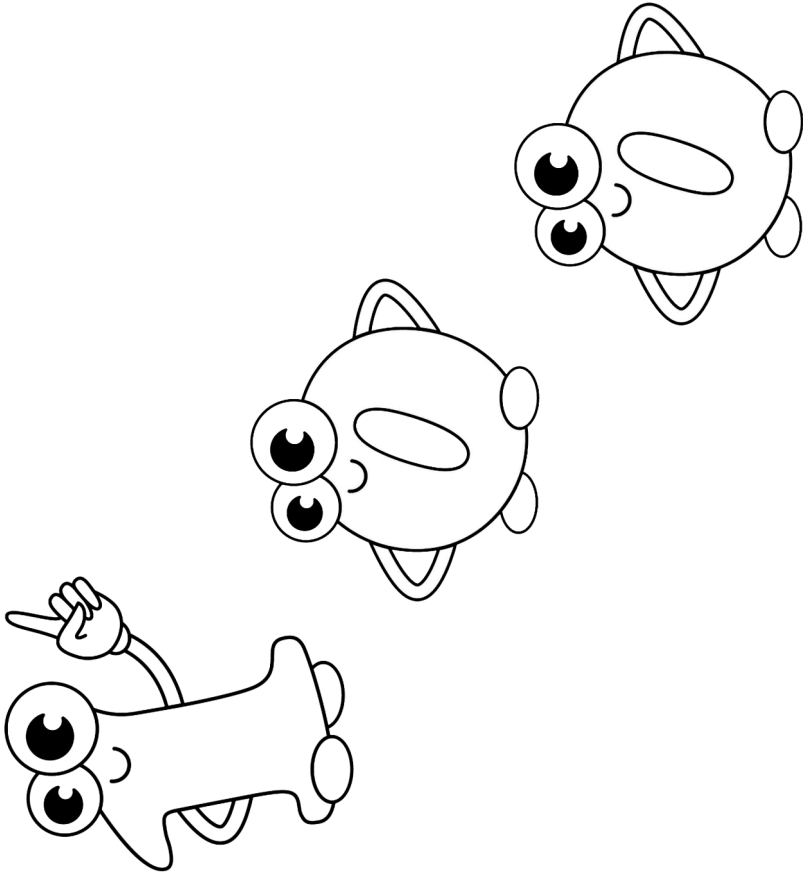

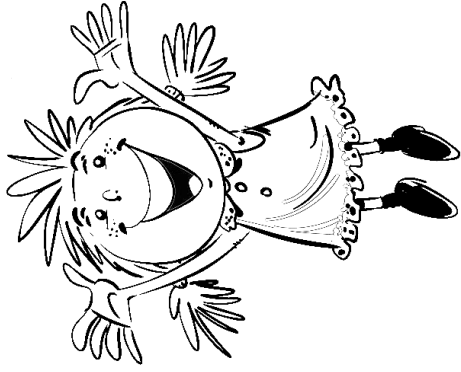

With two zeroes behind.

When you have 100
You have a lot.

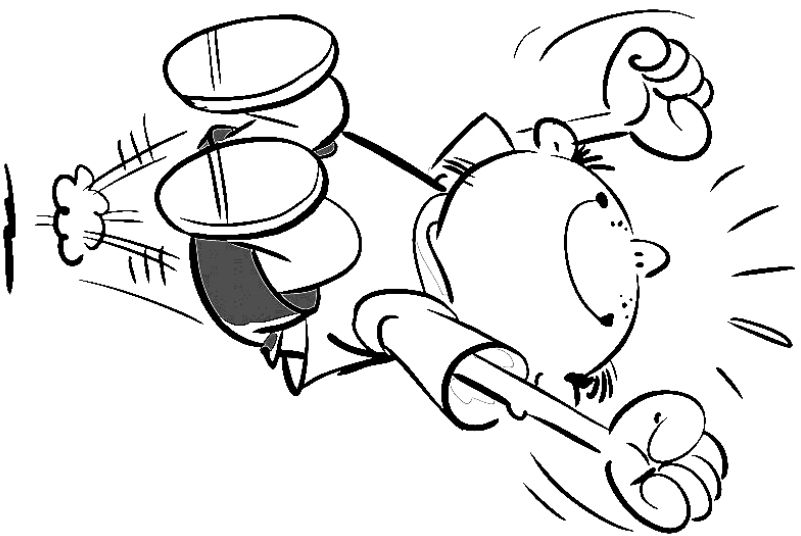

There's 100 ones or
Two 50's you've got.
